September 2020

In August 2020 when lockdowns were still stringent, APCA decided to produce a pilot show using Film and a sampling of our students. The project was a huge success with respect to both quality of production and student talent and performance holding up to such a medium.

December 2020

Our next step was to produce our annual holiday show and we took it up several notches learning how to build sets for our students to perform in. Parents came to our aid loaning accessories and helping us construct faux walls and assembling and decorating sets. The result was an absolutely phenomenal show with APCA student talent.

The Christmas project so impressed our local Rotary organization that they sponsored a 1 hour TV special on WKTV CBS-5 to share with our local community.

21 pianists, 1 violist, 1 singer completed New York State Music Association (NYSSMA) solofest music adjudication

April 2021

7 pianists completed their piano performance exam through the Associated Boards Of The Royal Schools Of Music (ABRSM)

May 2021

APCA launched another pilot project as we learnt how to film a live stream show in real time with the help of some students and guest artists. Another opportunity to perform!

Congratulations to All!
